

GUIDELINES

Abstracts for oral or poster presentation must be submitted via the online submission process. Following abstract submissions via the online process all subsequent communication with authors will be via email.

Full guidelines include:

- Abstracts must be no longer than 350 words
- All abstracts must be typed in Arial 11-point font
- Paper title must be typed all in capital letters only and bolded e.g. HOW TO SUBMIT AN ABSTRACT FOR CORE 2020
- Authors of accepted abstracts are required to register to attend the conference as a delegate prior to early bird closing.

Abstracts will be selected following a rigorous peer review of the quality and relevance of the proposed paper and with regard to the overall balance of the conference program.

Authors are responsible for ensuring that any required approvals from their sponsoring or other related organisations are received prior to submission of the draft full paper. Submission of the full paper automatically implies that appropriate approvals to publish the paper have been received.
